

Roof Rack Application Guide

This guide is intended as a reference only. NOTE - All applications listed are for vehicles without sunroofs or glass roof panels. PERRYCRAFT, INC.® is not responsible for the style or size of rack installed on any vehicle, or improper installation methods.

OEM Fitment Points: Racks and Rails listed **Will Not Install** via embedded OEM rack/rail fitment points.

VITAL: Before ordering/installing a roof rack, load-rating for the intended use of the rack must always take precedent over styling or appearance features. PERRYCRAFT, INC.® accepts no responsibility for any rack failure created by loads carried exceeding the stated rack load-rating.

Wind Noise: Due to variations in vehicle aerodynamics, roof racks may alter air flow over the vehicle roof panel potentially creating wind noise. **PERRYCRAFT, INC.® accepts no responsibility for such occurrences.**

Dry Fit - Before drilling mounting holes in vehicle roof, each rack must be dry-fit on the vehicle to insure desired fit and appearance.

Bold Type Part Numbers: Indicates roof rack or roof rails nearest in styling & appearance to OEM (factory) rack.

Finish: DynaSport - Suffix 'A' = Brite or 'B' = Black; Aventura - 'B' = Black or 'SV' = Stardust Silver; SportQuest & SporTrek available in Black only.

Sizes: Part numbers indicate nominal size of roof rack in inches, width by length. Roof Rails - length only. (see SportQuest notes below)

SportQuest Notes: SportQuest part number is minimum recommended size in Track-Mount version allowing front-to-rear crossbar adjustability. First two digits in part number (55) is actual crossbar length (inches) in Pass-Thru configuration; crossbars can be cut at time of installation to obtain Stanchion-Fit configuration. * - If wider load-platform is desired, substitute 62 or 70 (inches) in part number. **NOTE: Some part numbers may already require a 62" or 70" platform.** Second two digits in part number indicates length (inches) of side-rails. ** - Pad-Mount version: Stationary mount, non-adjustable crossbars (SQ55PM-B, SQ62PM-B & SQ70PM-B) are also available. For "upgrading" existing OEM racks, DynaSport or SporTrek racks to heavier load capacity, please see the UpGrade App section on pages 8-9 of this Guide.

"XX" Part Numbers: Indicates Aventura & DynaSport "Roof Rails" only (side rails, no crossbars) and can be substituted for full roof racks. Roof Rails can be used in conjunction with our **Mont Blanc Gripper** heavy-duty load bars to obtain a load-rating of up to 220 lbs, dependant upon vehicle roof capacity.

* - For a wider load platform, substitute desired bar length (62 or 70, when applicable) for first 2 digits in Part #

** - For a wider load platform, substitute desired bar length (62 or 70, when applicable) for digits in Part #

End of Racks & Rails applications. See next 2 pages for Add-On Load Bar applications, or last 2 pages for Truck Bed Rail applications.

MB Gripper and SportQuest Clamp Mount Load Bar Upgrade Kits - for OEM Racks & Rails

Load Rating: Gripper = 220 lbs/set; SportQuest = 180 lbs/set **EXCEPTION - '01-'06 Ford Explorer Sport/Sport-Trac = 100 lbs.**

This Guide is intended as a reference only. **Perrycraft, Inc. accepts no responsibility for style or size of upgrade kit used, improper product installation, unintended use or changes in OEM (factory) rack designs.**

SQ: "55" in part number indicates minimum recommended crossbar length (inches). If wider load platform is desired, substitute 62 or 70 (inch bars) for "55" in part number. NOTE: Some part numbers may already require at least a 62" platform.

SQ: "-B" indicates available in Black powder-coat finish only.

SQ: "-CM" indicates Clamp-Mount Model. Clamp-mount model also adapts to existing Aventura and DynaSport roof racks and most other "raised side rail" style racks or roof rails.

SQ: "-JC" indicates OEM "Cherokee Style" track fitment.

SQ: "-TS" indicates OEM "Explorer Style" flush-mount track fitment.

MB GRIPPER load bars: Last two digits in part number indicates load bar length in inches. For a wider load platform, longer bars may be used on some vehicles. See below (or Jobber price list) for fitment ranges. MB3747-__ insert suffix "B" for Black rectangular bars; "AW" for AeroWing, Satin-Grey anodized bars. MB3762-B available in 'B' - Black rectangular bars only.

Jeep continued on next page....

Note: **If wider load platform is desired, substitute 62 or 70 (inch bars) for "55" or "62" in part number.

Note: * indicates MB3762-B can be used on these vehicles to obtain a wider 62" load platform.

Note: "-02" suffix on MB part# indicates unit contains special, non-standard Gripper clamps.

End of Add-On Load Bar applications.

Nissan continued on top right of this page....

Note: **If wider load platform is desired, substitute 62 or 70 (inch bars) for "55" or "62" in part number.

Note: * indicates MB3762-B can be used on these vehicles to obtain a wider 62" load platform.

Note: "-02" suffix on MB part# indicates vehicle unit contains special, non-standard Gripper clamps.

Gripper bar Fitment ranges:

MB3747-B (& AW) fits roof side rails spaced from 31" - 45" apart, outside-to-outside of rails.

MB3762-B fits roof side rails spaced from 41" - 61" apart, outside-to-outside.

Bed Rails Application Guide

Please see "Important Notes" at bottom of Guide for additional product & ordering information!

This guide is intended as a reference only. Rails should be "dry-fit" to vehicle to ensure proper fit prior to drilling mounting holes.

PERRYCRAFT, INC. is not responsible for style, size or improper installation of bed rails installed on any vehicle.

IMPORTANT NOTE: Bed length based on outside bed dimensions unless otherwise indicated!

Numeric digits in Part Numbers indicate nominal length of rails in inches. All rails except MR-B__-S may be cut on site for custom fitment.

- Standard length rails, one end may require cutting for mounting across one or both stake pocket holes at installer's discretion.

LPS Rails: Underscore (_) at end of part # = Insert (A) - Anodized, (B) - Black, 2"x2". **AV Rails:** Underscore (_) at end of part # = Insert (B) - Black, (S) - Silver.

Mini-Tube Rails: 1" Round, Stainless Steel finish, **Bullet style can not be resized.** **DS Rails:** Underscore (_) at end of part # = Insert (A) - Anodized, (B) - Black.

Custom sizing available for AV, DS, and MR. Call our Customer Service Department at 1-336-372-2545 for more information.
