

Roof Rack Application Guide

This guide is intended as a reference only. **NOTE - All applications listed are for vehicles without sunroofs or glass roof panels.**

PERRYCRAFT, INC. is not responsible for the style or size of rack installed on any vehicle, or improper installation methods.

OEM Fitment Points: Racks and Rails listed **Will Not Install** via embedded OEM rack/rail fitment points.

VITAL: Before ordering/installing a roof rack, load-rating for the intended use of the rack must always take precedent over styling or appearance features. PERRYCRAFT, INC. accepts no responsibility for any rack failure created by loads carried exceeding the stated rack load-rating.

Wind Noise: Due to variations in vehicle aerodynamics, roof racks may alter air flow over the vehicle roof panel potentially creating wind noise. **PERRYCRAFT, INC. accepts no responsibility for such occurrences.**

Dry Fit - Before drilling mounting holes in vehicle roof, each rack must be dry-fit on the vehicle to insure desired fit and appearance.

Bold Type Part Numbers: Indicates roof rack or roof rails nearest in styling & appearance to OEM (factory) rack.

Finish: DynaSport - Suffix 'A' = Brite or 'B' = Black; Aventura - 'B' = Black or 'SV' = Stardust Silver; SportQuest & SporTrek available in Black only.

Sizes: Part numbers indicate nominal size of roof rack in inches, width by length. Roof Rails - length only. (see SportQuest notes below)

SportQuest Notes: SportQuest part number is minimum recommended size in Track-Mount version allowing front-to-rear crossbar adjustability. First two digits in part number (55) is actual crossbar length (inches) in Pass-Thru configuration; crossbars can be cut at time of installation to obtain Stanchion-Fit configuration. * - If wider load-platform is desired, substitute 62 or 70 (inches) in part number. **NOTE: Some part numbers may already require a 62" or 70" platform.** Second two digits in part number indicates length (inches) of side-rails. ** - Pad-Mount version: Stationary mount, non-adjustable crossbars (SQ55PM-B, SQ62PM-B & SQ70PM-B) are also available. For "upgrading" existing OEM racks, DynaSport or SporTrek racks to heavier load capacity, please see the UpGrade App section on pages 8-9 of this

"XX" Part Numbers: Indicates Aventura & DynaSport "Roof Rails" only (side rails, no crossbars) and can be substituted for full roof racks. Roof Rails can be used in conjunction with our **Mont Blanc Grinner** heavy-duty load bars to obtain a load-rating of up to 220 lbs. dependant upon vehicle roof capacity.

End of Racks & Rails applications. See next 2 pages for Add-On Load Bar applications, or last 2 pages for Truck Bed Rail applications.

* - For a wider load platform, substitute desired bar length (62 or 70, when applicable) for first 2 digits in Part #

** - For a wider load platform, substitute desired bar length (62 or 70, when applicable) for digits in Part #

MB Gripper and SportQuest Clamp Mount Load Bar Upgrade Kits - for OEM Racks & Rails

Load Rating: Gripper = 220 lbs/set; SportQuest = 180 lbs/set **EXCEPTION - '01-'06 Ford Explorer Sport/Sport-Trac = 100 lbs.**

This Guide is intended as a reference only. Perrycraft, Inc. accepts no responsibility for style or size of upgrade kit used, improper product installation, unintended use or changes in OEM (factory) rack designs.

SQ: "55" in part number indicates minimum recommended crossbar length (inches). If wider load platform is desired, substitute 62 or 70 (inch bars) for "55" in part number. NOTE: Some part numbers may already require at least a 62" platform.

SQ: "-B" indicates available in Black powder-coat finish only.

SQ: "-CM" indicates Clamp-Mount Model. Clamp-mount model also adapts to existing Aventura and DynaSport roof racks and most other "raised side rail" style racks or roof rails.

SQ: "-JC" indicates OEM "Cherokee Style" track fitment.

SQ: "-TS" indicates OEM "Explorer Style" flush-mount track fitment.

MB GRIPPER load bars: Last two digits in part number indicates load bar length in inches. For a wider load platform, longer bars may be used on some vehicles. See below (or Jobber price list) for fitment ranges. MB3747-__ insert suffix "B" for Black rectangular bars; "AW" for AeroWing, Satin Grey anodized bars. MB3762-B available in 'B' - Black rectangular bars only.

Note: * indicates MB3762-B can be used on these vehicles to obtain a wider 62" load platform.

Note: "-02" suffix on MB part# indicates unit contains special, non-standard Gripper clamps.

Gripper bar Fitment ranges:

MB3747-B (& AW) fits roof side rails spaced from 31" - 45" apart, outside-to-outside of rails.

MB3762-B fits roof side rails spaced from 41" - 61" apart, outside-to-outside.

End of Add-On Load Bar applications. See next 2 pages for Truck Bed Rail applications.

Note: * indicates MB3762-B can be used on these vehicles to obtain a wider 62" load platform.

Note: "-02" suffix on MB part# indicates unit contains special, non-standard Gripper clamps.

Gripper bar Fitment ranges:

MB3747-B (& AW) fits roof side rails spaced from 31" - 45" apart, outside-to-outside of rails.

MB3762-B fits roof side rails spaced from 41" - 61" apart, outside-to-outside.

Bed Rails Application Guide

Please see "Important Notes" at bottom of Guide for additional product & ordering information!

This guide is intended as a reference only. Rails should be "dry-fit" to vehicle to ensure proper fit prior to drilling mounting holes.

PERRYCRAFT, INC. is not responsible for style, size or improper installation of bed rails installed on any vehicle.

NOTE: Bed sizes based on manufacturer description when applicable. All others are approximate bed				LPS/AV/DS Bed Rails			Mini-Tube Bed Rails

End of Application Guide.

Numeric digits in Part Numbers indicate nominal length of rails in inches. All rails except **MR-B__-S** may be cut on site for custom fitment.

- Standard length rails, one end may require cutting for mounting across one or both stake pocket holes at installer's discretion.

LPS Rails: Underscore (_) at end of part # = Insert (A) - Anodized, (B) - Black, 2"x2".

AV Rails: Underscore (_) at end of part # = Insert (B) - Black, (SV) - Silver.

Mini-Tube Rails: 1" Round, Stainless Steel finish, Bullet style "cannot" be cut down.

DS Rails: Underscore (_) at end of part # = Insert (A) - Anodized, (B) - Black.

Custom sizing available for AV, DS, and MR. **Call our Customer Service Department at 1-336-372-2545 for more information.**
